Preface

The CATALOG OF COPYRIGHT ENTRIES is published by authority of sections 210 and 211 of Title 17 of the *United States Code*. Section 210 provides in part: "The current catalog of copyright entries and the index volumes herein provided for shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The *Catalog* is subdivided into parts corresponding to the classes of material listed in section 5 of Title 17 of the *United States Code*. The table at the end of this preface shows the organization of the *Catalog*, the symbols used with the registration numbers to identify the classes, and the prices of the semiannual or annual issues.

The record of each copyright registration listed in the *Catalog* includes a description of the work copyrighted and data relating to the copyright claim (the name of the copyright claimant as given in the application for registration, the copyright date, the copyright registration number, etc.).

For a more complete description of the contents of this issue of the *Catalog* see p. vii.

Information as to changes of copyright ownership is not included in the *Catalog*, but a search of the Copyright Office Assignments and Related Documents Indexes may be requested from the Register of Copyrights. A fee for the search and report will be estimated at the statutory rate of $5 per hour.

For each registration listed, except for renewals, there has been deposited a copy or copies of the work in accordance with the provisions contained in sections 12, 13, 14, or 215 of Title 17 of the *United States Code*.

Orders, payable in advance, for all parts of the *Catalog of Copyright Entries* should be sent to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Orders may be placed for individual issues, as subscriptions for one or more parts, or for the complete *Catalog* at $50 a year, for periods of one, two, or three years. All orders should state clearly the title and the inclusive dates of the part wanted. Checks or money orders should be made payable to the Superintendent of Documents.

The Copyright Office welcomes inquiries, suggestions, and comments on the content and organization of the *Catalog*. Such communications should be addressed to the Chief of the Cataloging Division, Copyright Office, Library of Congress, Washington, D.C. 20559.

Organization of Parts

Each part listed in the following table records all current registrations in the class or classes indicated by the alphabetical symbols. Renewal registrations are listed separately at the end of each related part. Some parts also contain registrations made under symbols other than those listed for the particular part, if the subject matter or type of material is similar to that generally included in the part.

The first letter of the symbol is that of the class under which registration is made. Second and third letters, if any, that follow the initial letter are added by the Copyright Office for the purpose of statistical analysis. Their significance is as follows:

F Published foreign works. In the case of books and periodicals, it designates works manufactured outside the United States (except those registered for ad interim copyright). In all other classes to which it applies, it designates works first published outside the United States, the authors of which are neither citizens nor domiciliaries of the United States. (AF, EF)

I Books and periodicals registered for ad interim copyright. (AI, BI)

O Published works of foreign origin registered under the waiver-of-fee provision (section 215 of Title 17 of the *United States Code*). (BIO, GFO)

P Domestic published works in classes for which registration is possible for either published or unpublished works. (EP, JP)

U Unpublished works in classes for which registration is possible for either published or unpublished works. (DU, EU)

Introduction

PART 2 lists issues of domestic and foreign periodicals currently registered in class B. Works for which the copyright has been renewed are listed separately in the Renewal Registrations section. In addition to popular and scholarly journals, these works include many house organs, adventure and comic periodicals, and a number of newspapers.

Arrangement is by title. Each issue registered is recorded under the main title of the periodical. In general, the titles of publications of societies, institutions, and other corporate bodies beginning with such general and nondistinctive terms as Annals of, Bulletin of, Journal of, etc., followed by the name of the body, are inverted to file under the name, e.g.:

AMERICAN ASSOCIATION FOR CANCER RESEARCH. PROCEEDINGS.
FRANKLIN INSTITUTE OF THE STATE OF PENNSYLVANIA. JOURNAL.

Variations in titles as given in the copies and applications are explained in notes, enclosed in parentheses. References are made from variant titles and titles of merged periodicals, from titles of specific issues, and from other titles associated with the periodical.

The Claimant Index covers both currently registered works and renewal registrations, the latter being identified by the symbol (R) following the title.

Each main entry includes the following items of information if available and applicable:

1) Title.
2) Changes in title, recorded following the phrases *Continuing* and *Continued as.*
3) Edition statement.
4) Copyright symbol ©.
5) Name of the copyright claimant.
6) Volume number.
7) Issue number, issue date, or issue title.
8) Copyright symbol ©.
9) Publication date for each issue as given in the application.
10) Registration number for each issue.

For newspapers which are regularly deposited more often than weekly, a condensed entry is used which includes a statement of frequency of issue and the bibliographic information for the first and

last issues registered during the period covered by this catalog. For more complete information on any of these titles, a search of the Copyright Office records should be requested.

Whenever it is necessary to indicate a variation between the information given in the application and in the copy of the work with respect to the claimant's name or the date of publication, the data from the application is given first, followed by the phrase "in notice" and the data given in the work; e.g., © 4Jan72 (in notice: 1971); B724000.

For renewal registrations each main entry includes the following information:

1) Title.
2) Edition statement.
3) Copyright symbol ©.
4) Name of the renewal claimant.
5) Statement in parentheses, usually abbreviated, giving the basis of the renewal claim as supplied by the applicant: e.g., "John Doe & Co. (PCW)" indicates that renewal of copyright is claimed by John Doe & Co. as proprietor of copyright in a composite work.
6) Data identifying the specific issues in which renewal is claimed, consisting generally of volume number, issue number, and issue date.
7) Copyright symbol ©.
8) Date of original copyright.
9) Original registration number.
10) Date of receipt of the renewal application or fee, whichever is later.
11) Renewal registration number.

Registrations January-December 1972

Periodicals manufactured in the United States	82,345
Periodicals manufactured abroad (except those registered for ad interim copyright)	891
Periodicals in the English language registered for ad interim copyright	715
Total	83,951
Renewals	3,596

These figures represent the number of registrations for periodicals for January–December 1972, but do not necessarily represent the exact number of entries in this issue of the *Catalog of Copyright Entries*. Registration figures for other classes of material may be found in the respective parts.
